WHITE WINE

Sauvignon Blanc

The explosive flavours of New Zealand Sauvignon Blanc have dazzled wine critics throughout the world, setting the international benchmark for the style.

Pungently aromatic, New Zealand Sauvignon Blanc assails the senses with red capsicum and gooseberry characters through to lush passion fruit and tropical fruit overtones. Other notes include fresh cut grass, tomato stalks, grapefruit and lime.

Pinot Gris

Grown throughout the country, New Zealand Pinot Gris is more akin to Alsace style than the drier Pinot Grigio, with notes of apple, pear, honeysuckle, spice and bread.

The warmer North Island climate tends to create ripe, fat, oily styles, whilst the cooler South Island produces tighter wines with great structure.

WHITE WINE

Chardonnay

Elegant and fruit-driven, the classic New Zealand Chardonnay is mouth filling, with concentrated citrus and tropical fruit.

A crisp acidity balances the flavours, which are perfectly rounded with oak.

A range of Chardonnays are produced in New Zealand from fruit forward un-oaked styles to concentrated Burgundian styles.

Gewürztraminer

New Zealand Gewürztraminer is extremely fragrant, with rose petals, lychee, cinnamon and ginger characters commonly found.

North Island styles tend towards broader, more textural styles, whereas the South Island regions produce wines that are distinctly aromatic and more linear in structure.

Riesling

New Zealand's South Island has the perfect climate for Riesling with its bright days, cool nights and long, dry autumns.

Styles range from bone dry to lushly sweet. You will find stonefruit and spice characters from sunny Nelson; lemon, lime and spice from Marlborough; and green apples and citrus from the Waipara Valley and Central Otago regions.

RED WINE

Pinot Noir

Native to Burgundy and notoriously fickle (it is world class only in cool climate regions), the Pinot Noir grape has found in New Zealand, a home away from home.

Our winemakers tease a tantalising array of distinctive regional and terroir-driven styles from the land.

Common to all however, are old-world structure and elegance overlaying new-world power and fruit-driven intensity.

Merlot

Merlot grapes produce flavours and aromas of black cherry, berries, plum, chocolate and some herbs.

Merlot wine is popular with people trying to get accustomed to drier, more complex red wine because its other characteristic, low tannins, make it easier to drink than other red wines.

Malbec

Malbec grapes originated in France and play a big role in the wine production of Argentina.

The flavours and aromas of wines made from malbec include blackberry, cherry, plums and chocolate.

Other characteristics of Malbec wines include an inky-black colouring, high tannins and high acidity.
